

FACTORY REQUIRED PRODUCT CERTIFICATION

WEDNESDAY • MARCH 14, 2018 • 8AM-5PM • SACRAMENTO

AccuComfort Variable Speed Outdoor Unit Technical Training

Instructor: **Brian Groom**,
Technical Support Manager,
CFM Equipment

American Standard[®]
HEATING & AIR CONDITIONING

All Attendees Receive a
\$100 EarlBuck Good for
Your Next AccuComfort Equipment Purchase

Get certified on American Standard AccuComfort products. AccuComfort is extremely quiet, ultra high efficient and truly a leap forward in comfort technology.

This class will certify your lead technician or installer on properly applying, installing and starting up this line of outdoor units. The American Standard AccuComfort units (variable speed outdoor products) are exclusively available only to dealers that have been trained by CFM to work on this product. Dealers will be required to maintain a certified field technician to support the product.
